THE HOSPITAL SITE.

Why It Was Selected and Why It Should be Retained—Opinions of Committee Men.

Committee Realized that the Distance Was An Objection But Not a Fatal One.

THE TIMES reporter endeavored to obtain an interview to-day with some of those who have taken a leading part in connection with the Jubilee Hospital. He has met some success as the following testifies:

Dr. Helmcken, Jr.—No, I am not opposed to the site. I think it is as good as can be got, although it is some little distance out. Put up the hospital in the city among people's residences and you will soon see a "kick" and a noise about it. So far as inconvenience for doctors is concerned that is a very trifling matter, as seldom anyone but the visiting physician has occasion to go there. The site is all right.

Mr. Yates—I contended very hard for erecting the hospital within the city and opposed the site which has now been selected on the ground of its distance from the city. This entails increased cost in the construction alone, to say nothing of carrying it on afterwards. The hospital will likely be entirely dependent on the city for a supply of water, and the city cannot give that if any ratepayer chooses to apply for an injunction, as in the case of McLean and others vs. the city of Victoria in 1886. Then again, any sewerage system, other than cesspool, would have to be carried out at the expense of the hospital, whereas if it were within the city all there would be to do would be to carry it to the limits of the property and then call upon the city to supply proper drainage. These were my reasons for opposing the site under discussion, but as we were outvoted two to one, and the whole matter settled, I cannot see what good can result from opening up the question. No alternative site is proposed and the same ground will have to be all gone over again with probably the same result. In my opinion it is now too late to argue the matter further, especially as ample time was given for that before the final decision was arrived at. Another reason why I think it would be wrong now to upset the former decision is that the government who hold the deeds of our present site have consented to the new and to the sale of the old one. If we were to open up the question again the government might, although I don't say they would, simply veto any sale of the old site if they were not satisfied with the one we might choose in its place, which would practically mean the depriving us of about $8000 or $10,000 that will be available for furnishing under present arrangements. The object being a charitable one I certainly think it best for us all to work in harmony so as to get the best possible results from our united efforts.

Mr. T. R. Smith, General Manager for the Hudson Bay Company—The history of the whole question is this. When the matter of securing a site first came to be considered it was recognized by everyone that the old one was unsuitable and we had the assurance of Dr. Davie that the expenditure of no amount of money would make it what it should be. We spent several days driving around the city, examining different localities and looking for a better one. We found that there were many places within the city which would make desirable sites but to each there were plenty of objections, while on the other hand to the one which has been selected there was but one, and that was its distance from the centre of population. We all realized that the distance was an objection but the beauty of the location, the cheapness of the property compared with the prices asked for other plots within the city and the desirability of having the hospital more or less quiet and secluded seemed to offset the one objection. There was a proposition at one time to build in a fashionable part of the city, but such a storm of opposition was raised to it that it had to be abandoned. People, however, who have been accustomed to large cities know that they have lived within a short distance of hospitals without realizing it. It is right enough to discuss the question now and if an overwhelming objection could be found against the site to defer building, but in the absence of that I do not think it would be wise to open up matters again. The plans of the hospital have been prepared by Mr. Teague having regard to the site—so that if another were chosen all this work would have to be gone over again, entailing additional cost. Everything considered and remembering that there is only one objection to it I think the situation is as good as can be found. As Mr. Ward points out in a letter to the *Colonist* this morning, the suggestion that there was any crookedness about the matter is simply abominable.

Ex-Mayor Rithet who was seen respecting the matter went very fully into the question and pointed out that the present site was for many reasons as desirable as could be wished for. He does not think the committee of intelligent men who selected it did so without the fullest consideration of the matter in all its aspects.

To-morrow's Picnic.

Our citizens should bear in mind the St. Andrew's church picnic to-morrow to Langford's Plains. A special train will leave the Store street station at 10 o'clock for the grounds selected for the occasion. The Sabbath School children, teachers, parents and friends and others wishing to participate in the days festivities are requested to be at the depot sharp on time, those who are unable to go out by the first special can take the 3 p. m. train. The fare for the round trip is 75 cents. Returning the city will be reached about 7 o'clock. Children not attending the school will be charged 50 cents. Ample provision has been made for a days real enjoyment. Games and athletic sports will be provided for those desiring to take part in them. Baskets and other contributions should be sent to the church this evening, when a committee will be in attendance.

Still they Come.

In Royal Roads as we go to press there are no less than twelve ships, two having arrived since yesterday's report. It is believed the majority of these will go to Nanaimo and Departure Bay for coal, whilst a few will go to Burrard Inlet. So many vessels riding in the roads presents a busy and pleasing appearance.

—Quamlek, the alleged murderer of Miller and Dring, is dying in the Provincial gaol.

PROVINCIAL COURT.

(Before W. Fisher and R. Ward, J. Ps.)

Thirteen sailors belonging to the ship Silverdale were sentenced to twelve weeks imprisonment.

The charge against Langden, second mate, and Kelly, boatswain, for refusing duty, was dismissed. They were ordered to be sent on board.

Mr. Taylor will appeal against the decision and will have the case brought before the Supreme Court.

A MEAN ADVANTAGE.

TO THE EDITOR OF THE TIMES:

SIR,—Every cock can crow on his own barnyard, and so a judge can crow when on the bench without fear of retort from the insulted witnesses. That would be contempt of court you know. Yesterday the Chief Justice went out of his way to insult the Rev. Mr. Starr to whom he evidently evinced a violent dislike, and simply because he rested his elbow on the rail of the witness box. I don't think this was very naughty. Many can remember a certain case in which the Venerable Chief leaned back in his seat and yawned in the face of Mr. Walkem who was arguing a case in which the judges were very much interested, and many will also remember Judge Walkem's severe rebuke; and it was well deserved. If the Chief Justice has the courage to attend the Methodist Church Sunday evening at 7 p. m., when Rev. Mr. Starr will do the crowing he will learn to do unto others as he would be done by.

EQUITY.

A NIGGER IN THE FENCE.

TO THE EDITOR OF THE TIMES:

SIR,—I read in this morning's *Colonist* a letter signed "Chinese Merchants," but I did not see the usual * denoting the policy of the *Colonist* in dealing with letters from Chinese "yoo payee, or no insertee." In fact, Mr. Editor, no Chinaman ever wrote that letter. I wonder if Messrs. Hunter and Bloomfield saw it before it was published, and I wonder if the tall lawyers' clerk (who reported the evidence in the case of Fowler vs Gardner in such a spicy manner out of pure disinterestedness) knew anything about it. It would be very surprising, Mr. Editor, after the release of the chief officers of the "Chinese Benevolent Society," if there were no attempt at retaliation. The nigger in the fence shows his head.

SNOWBALL.

Two Marriages.

There has been an epidemic of marriages in the neighborhood of Agassiz and Chilliwhack for a week past, and the disease is reported to be spreading.

On Wednesday, Mr. D. Robertson, who owns a farm between Agassiz and the Hot Springs, was married at Vancouver by the Rev. Mr. Patterson, to Miss Annie McEwen, of Glengarry, Ont., who came across the continent specially for that purpose. Mr. and Mrs. Robertson are at the Oriental to-day, and will remain a few days.

On the 7th inst., the same clergyman tied the nuptial knot between Mr. D. J. Kennedy, of Chilliwhack and Miss Jessie Campbell of the same place. The ceremony was performed at Vancouver, and the newly wedded couple arrived in this city to pass a few days of the honeymoon.

Broke His Leg.

The numerous friends of Ald. Braden will hear with regret that he had the misfortune of breaking his right leg last night. With a number of other gentlemen he was displaying his agility and capacity for performing athletic feats. The accident occured in the most simple manner. He placed his left foot against the door jamb about 18 inches above the floor and endeavored to accomplish the trick of jumping over the left limb with the right one. He was successful in his first attempt, but met with the misfortune referred to in his second effort. The break is about a couple of inches below the knee. It is a compound fracture, the broken bones protruding through the skin. Dr. Davie set the limb in St. Joseph hospital, where the worthy Ald. is now a patient, and likely to be so for some time to come.

Daring Robbery.

The Pacific Telegraph Hotel on Store street was broken into last night and a sum of money stolen from the desk. An entrance was effected by cutting a pane of glass, which was carefully taken out, and the window raised. The robbery is supposed to have been committed by Chinese. A knife was left in the hotel by the burglars. This weapon was made from a large file and is a very dangerous looking article. The doors on the lower floors bear marks of attempts made to gain an entrance. A quantity of jewelry was taken from the desk and left on the counter. An attempt was made to open the drawer in the bar-room and it is thought the bell-alarm frightened the thieves. Mr. Merrifield says he imagined he heard the till bell ringing twice about one o'clock this morning. No arrests have been made.

Jeffreys-Lewis.

The Portland *Oregonian* in making comment upon Miss Lewis' performance in that city says: "Miss Lewis has in rare degree the faculty of acting with eyes and countenance. Lips, eyes, nostrils—all move and express the lines of the part with an unfailing accuracy that makes speech almost superfluous. This mobility of features, a commanding stage presence, and some of the most costly costumes seen on this stage for very many days, combined with power and a marvelous appreciation of pose, make Miss Lewis' impersonation that rank with the greatest creations of the best actresses. All too rare are the visits of such actresses as Miss Lewis. This talented actress will appear this (Friday) evening at the Victoria theatre as Geraldine in La Belle Russe—her greatest effort.

Who Shall Escape Calumny?

The many friends of Mr. Jas. J. Daly, formerly Y. M. C. A. secretary in this city, will regret to learn of an unpleasantness between him and the former management of the institution. Mr. Daly desires to vindicate himself and publishes a card in this evening's TIMES asking for an investigation. Those who know best will read it with surprise and enquire "who shall escape calumny?"

A Large Accession to Queen Victoria's Realms—70,000,000 People Just Added.

Disastrous Storms and Fires in Canada—Illness of Distinguished Personages.

INCREASING THE EMPIRE.

London, June 7—Within a few days Queen Victoria has succeeded in adding to her dominions a vast empire, almost continental in size, peopled by seventy millions of industrious and relatively prosperous inhabitants. This immense track extends from Zanzibar northward as far as Abyssinia with a seaboard of over 1700 miles in length. Westward it reaches to beyond Victoria Nyanza and the other great lakes from which the Nile takes its source, and includes the finest lands and richest markets in Central Africa. A Royal charter has been issued to an association known as the East African Company, which has been authorized to take possession of the district in question and exercise just laws, collect revenue, deal with the refractory subjects and by force of arms wield all the powers of a semi-independent government.

VIEWS OF THE LONDON PRESS.

The *St. James Gazette* says: The Democrats are extremely likely to have it all their own way at the next election. The Republicans have neither man nor cause. Old issues of the war and the bloody shirt are exhausted. The Republicans are looking about for a new cry which it is not easy to find.

The *Pall Mall Gazette* speaks even of a third term for Cleveland as a matter of course.

BISMARCK GAINS HIS POINT.

Berlin, June 8.—The law extending the sessions of the Prussian diet to five years, known as "Quinquennial" bill has been officially promulgated; an agreement having been reached between the Emperor and Bismarck in their late conferences, that in effect is a victory for Bismarck.

GREATLY REFRESHED.

Potsdam, June 8—The Emperor passed a good night. He rose at 10 o'clock in good spirits and greatly refreshed.

RAPIDLY RECOVERING.

Aix Les Baines, June 8—The Emperor of Brazil is rapidly recovering.

CANADIAN HAPPENINGS.

STABLES BURNED.

Montreal, June 8—The stables of the Hochelaga street railway company with one hundred and thirty-four horses is destroyed. In the fire of this morning the loss is $30,000.

FATAL INJURIES TO SCHOOL CHILDREN.

Manitoe, Ont., June 8—During the severe storm of yesterday a brick schoolhouse in Osgood township was blown down and the children were buried in the ruins. Some of them were fatally injured and none escaped without painful injuries.

ACCIDENT AT NIAGARA.

Niagara Falls, Ont., June 8—A party of five Spaniards visited the whirlpool rapids in the park this morning. They entered the inclined railroad car for the purpose of descending to the river's edge. The attendant was not at his post. The car started with their weight, and descended unchecked with terrific speed. Reaching the bottom, it crashed into the wooden structure erected there, throwing the party in all directions. One lady is so severely injured that she will die. The others are more or less hurt.

SALLIE HOLMAN DEAD.

London, Ont., June 8—Mrs. James T. Dalton (nee Sallie Holman) a well-known opera singer is dead. She had been ailing for some time back. Her trouble was lingering consumption. She was well known to theatre goers in Toronto, Hamilton and London, in which city she was born. Her brother Alfred is the only surviving member of the once popular Holman Opera Troupe.

HEAVY FAILURE.

Montreal, June 8—William Little, lumber merchant, has failed. His liabilities are between $100,000 and $200,000; assets about $125,000. The principal creditor is the firm of Ross & Co., of Quebec, for $80,000.

AMERICAN DISPATCHES.

A BIG BLAZE IN SALEM.

Salem, Ogn., June 7—A fire early this morning destroyed the large brick building occupied by the electric and agricultural works of Thos. Holman and the sash and door factory of Cook & Churchill. Holman's loss is $55,000, insured for $20,000; the factory loss is $24,000. Insurance unknown.

TO KIDNAP PATTI.

New York, June 7—A cablegram to the *World* says that a scheme has been discovered not only to rob Mme. Patti of her jewels but to kidnap her. A gang followed her to Buenos Ayres, and one of their number has communicated with the police. The result is that two members of the gange have been put in prison.

FATALLY STABBED.

Omaha, June 7—John Hoskins, a wealthy cattle dealer, was fatally stabbed last night on the east bound Union Pacific train by another passenger in a quarrel about a seat.

TRAIN ROBBERS KILLED.

Tombstone, Ariz., June 8—Late on Wednesday night Sheriff Slaugter, of this county, and his deputy came upon three Mexicans who answered the description of the Sonora train robbers in the Whetstone Mountains, about thirty miles from here. The sheriff commanded them to throw up their hands. The desperadoes immediately grasped their guns and firing commenced from both parties, with the result that one of the robbers was killed instantly; another was fatally wounded and a third escaped into the woods, with Slaugter in close pursuit. Either the robber's capture or his death is certain, as the sheriff will not allow him to escape.

GEN. SHERMAN ALSO ILL.

New York, June 8—General Sherman has been ill for two days in his apartments at Fifth Avenue hotel, with an attack of rheumatism. He is confined to his bed but the physicians do not regard the attack as serious beyond the fact that he has never before been afflicted with rheumatism in any form. The location of the disease is in his back, which makes the pain very distressing and requires him to retain a prostrate position.

GEN. SHERIDAN.

Washington, D. C., June 8—General Sheridan has rallied this morning from last night's attack. His mind is clearer.

FATAL RAILWAY ACCIDENT.

New York, June 8—Advices from Nicaragua state that a cyclone of great severity swept Granada on the night of the 2d instant. Heavy rains inundated the southern portion of the city, destroying eighteen houses and a portion of the railway track. The train due on the morning of the 3rd jumped the track and five persons were killed and five injured.

GARLAND AFFLICTED.

Washington, June 8—Attorney General Garland is afflicted with "shingles." The disease developed rapidly, starting on his left hip about four days ago. The body is more than half surrounded with it to-day.

GARRETT DROWNED.

Baltimore, June 8—T. H. Garrett, brother of Robt. Garrett and manager for Robert Garrett & Sons, was drowned while yachting yesterday.

THE END NOT FAR OFF.

Washington, June 8—Gen. Sheridan was more or less delirious all through the night, but not violently. He could not recognize the members of his family or his physicians, and refused to take any medicine or nourishment. Each of the several attacks which he has had lately has left his condition much weaker than the previous one. His rallies are but partial and unsatisfactory, and altogether his case is a most desperate one. From information received from a high source it is believed the end is not far off now.

POLICE COURT NOTES.

[Before Hon. A. N. Richards, Q.C.]

J. W. Miller on remand for assault was bound over to keep the peace for six months.

A grocery man was fined $5 for fast driving over Rock Bay bridge.

J. Hairs, charged with being drunk and causing a disturbance. Fined $5, or one week.

Hugo Jackmann, *alias* Oscar Bach, charged with stealing sums of money from Steits Bros.

The Superintendent said the prisoner must plead guilty if he wished the case tried summarily.

Prisoner pleaded guilty and said he wished to have the case decided at once.

Supt. Bloomfield explained that a cigar box was placed behind the counter to keep change in. Since the first day prisoner was in Mr. Steitz's employ money was missed. Marked money was found in his possession and he had changed considerable silver for notes and gold. In his possession was found the sum of $118. On the 6th June prisoner asked for $5 and had considerable money in his possession at the same time.

Mr. Steitz said defendant asked for work about the 8th May. Prisoner said he was hard up.

His Honor asked prisoner how much money he stole from Mr. Steitz?

Prisoner gave evasive answers and said he had $40 when he went to work. When he left Fort Vancouver he had over $90. A document was produced stating that prisoner was given furlough at Fort Vancouver on the 5th May.

Prisoner was sentenced to imprisonment for six months.

Mr. Steitz claimed the full amount found on prisoner. The sum of $93 was refunded and the prisoner's wages amounting to $27 was retained.

John Williams was charged with stealing $82 from John Carlton. Remanded.

Baseball Notes.

New Westminster and Vancouver will try conclusions on the diamond on the 13th inst.

The match between the James Bay nine and the Vancouverites will take place in the terminal city at 2:30 a. m. on the 2nd July.

The San Francisco baseball nine will visit Seattle and play two games with the Browns on the 16th and 17th. Rogers, a Gloucester catcher, has been engaged by the Browns.

In New York on the 4th, the clubs of that city scored 8, Indianapolis 2; Philadelphia same day 2 and Chicago 3. Boston 3 and Pittsburg 8. Washington 4 and Detroit 6.

SOME BLACKMAIL.

It is unfortunate that a newspaper which formerly possessed instincts of respectability and which had at one time attained an influential position in the community should develope into a professional blackmailer. It is a pretty hard thing to say about a contemporary but it is nevertheless true that an item which appeared in yesterday's Colonist, a letter from its "Chinese Merchant" friends and the detailed report of an insignificant county court case in this morning's issue, are all published with a view to injuring a gentleman who is supposed to have supplied THE TIMES with information concerning the MENZIES affair. It is a disgrace—it is a shameful thing. The Colonist, as most people are aware, is under many obligations to the same gentleman for contributions to its columns in the past, and for favors granted in more ways than one. Yet not even that will prevent it from stabbing an old friend in the back when occasion suits it.

AGAIN A TRANSGRESSOR.

If the Chief Justice is correctly reported in this morning's Colonist in his remarks yesterday in the County Court, in the case of FOWLER vs. GARDNER, his Lordship again travelled out of his way to insult a respectable citizen. The offence was the greater in that the remarks were uttered when the reverend gentleman, against whom they were directed, was not in the court room, nor in a position to defend himself. Not only were the remarks uncalled for but they were as venomous as they were ill-timed and unwarranted. When the Chief Justice uses such language, and displays such animus, as he is reported to have done towards the gentleman whom he treated so brutally, it is high time to pause and ask what are the depths to which a Chief Justice can descend. Really the conduct of His Lordship of late is becoming so notorious that contemptfor him is giving place to pity. For a time the bar as well as the people of this province treated His Lordship's eccentricities as freaks which took possession of his judgment and made him as changable as the phases of the moon; but the period has now been reached when it becomes the duty of the bar, the press, and the people to speak out and protest against such unseemly conduct. Its toleration any longer but the further adds disgrace to our Courts and breeds contempt for those who administer the law.

FIXING THE COUNTRY.

The report comes from Saanich that all the loose men in the district have been notified that they can get work on the roads by applying for it. It is also reported that a well known road boss who has been engaged of late near the city limits has informed his men that he has business to attend to in another part of the district and has gone off, as everyone knows, to canvas for the government candidate. That is the way elections are won. To be sure it is not honest but then it is the most effective way which the government can devise for keeping itself in a majority in the legislature. During election times they do not consider so much the manner of their getting so long as they "get there." They claim that their objects are honest but that does not carry with it, according to their political ethics, the necessity of their methods being the same. Neither moral questions nor the public weal are up for consideration just now but merely the gain and aggrandisment of a few political tricksters. Yet we endure all in a manner which makes enlightened communities marvel. We pat a government on the back which doubles our taxes and uses a portion of the money to buy up elections and to have canvassers at the rate of a hundred a month to do the buying.

AN UNPOPULAR APPOINTMENT.

The appointment of the Hon. EDGAR DEWDNEY to the Senate and his selection to fill the office of Minister of the Interior and Indian Department will be anything but popular amongst Sir JOHN'S followers. We agree with the Montreal Star when it states that whether rightly or wrongly, Mr. DEWDNEY has been blamed with being to a very great extent responsible for the troubles which arose in the Northwest, and the mention of his name in connection with a seat in the Cabinet has called out comments of a by no means flattering kind. It would be absurd to contend that he stands head and shoulders over men who already have seats in the House, and surprise is expressed even by Conservatives that Sir JOHN should pass over men like PATTERSON, of Essex; KIRKPATRICK, of Frontenac; WHITE, of Renfrew; or half a dozen others who could be mentioned, in order to bring in an outsider who has not shown himself possessed of either over mastering ability, or superior wisdom. To confer the prize of public life upon outsiders like Mr. DEWDNEY will not prove encouraging to those who have made themselves useful in the House. There are no special reasons why Mr. DEWDNEY should be taken into the Cabinet, while there are several why he should not, chief among which is his administration of affairs in the Northwest, which even his best friends would not venture to say was satisfactory. The appointment of Mr. H. H. SMITH, of Winnipeg, to the position would have been a very popular movement, for he would bring administrative ability and experience to bear on his duties. However, all other considerations had to disappear when the influence of the gentler sex was brought to bear on Sir JOHN in DEWDNEY'S behalf.

The Canadian Pacific Railway Company has issued a new edition of a most useful time table, with descriptive notes of the various routes provided by the system. The notes seem to give just such general information regarding each place as the ordinary tourist and traveller desire, and the whole publication is certainly far in advance of anything of the kind which to our knowledge English railway companies have yet produced.

Should General Sheridan die, and there appears to be every probability that the end is not far off, General Sherman will remain almost the sole survivor of the prominent commanders of the American war. General Beauregard will also remain in the South; few other great names of that terrible struggle but are now inscribed on monuments. Almost a generation is gone since the march from Atlanta to the sea.

One of the melancholy results of the recent strike on the Chicago, Burlington and Quincy Railroad is found in the statement that several of the engineers have gone insane and one or two committed suicide. The whole extent of the suffering caused by the hot-headed and shallow demagogues who operate these strikes can never be known. But such statements as the above give us a glimpse of the wretched effects of the follies committed in the name of labour.

An order-in-council has been passed bringing in force the *modus vivendi* appended to the fisheries treaty, under which for two years, American fishing vessels can be granted licenses to purchase bait and other supplies and tranship cargo on the payment of fee of one dollar and a half per ton for the season. It is understood a number of applications have already been made by Americans. This license gives no right to fish within the three mile limit, and the fisheries protection service will be maintained the same as last year.

Says the Toronto Empire: The defensive works and naval facilities at Esquimalt seem to have aroused our neighbors, who are calling upon the Washington authorities to take similar steps at Puget Sound, as otherwise, in case of trouble, a naval force from Esquimalt could seize and hold important positions and valuable territory belonging to the United States. Our neighbors do not seem to agree with the unpatriotic view of the Globe, that Canada is utterly defenceless and impotent, having no resource but cries for mercy and abject submission if attacked or threatened.

In the return from Oregon, says the Seattle Post-Intelligencer, Mr. Cleveland has the first answer to his free trade propositions. A state which two years ago elected a Democratic governor by a majority of three thousand of a total of sixty thousand votes, now elects a Republican congressman by a majority of five thousand. Here is an indication of what the Democratic party must expect with free trade as its battle cry. With free trade it cannot win before the American people. With Cleveland it cannot avoid the free trade issue. If this election had occurred a month ago it would have defeated Cleveland in the national convention. It is now too late to turn back. He will be nominated and defeated.

The number of Americans going to Europe this year is greater than ever before. The Atlantic steamship companies are having all they can attend to, and could make use of many more vessels than they own. It is becoming more and more clear that there is a brilliant future in store for Europe as an American summer resort. Though the United States population now is but 60,000,000 people, the Americans already largely support the inhabitants of many interesting localities in the effete monarchies. By the time our neighbors reach 200,000,000 it can readily be understood that the energies of the Europeans will be mainly devoted to securing a living through making it pleasant for us over there during our pleasure tours and sojourns for health.

A new light is thrown upon an early chapter in Canadian history by the publication of the TOWNSHEND MSS. WOLFE'S noble part in the siege of Quebec has happily long been recognised by English historians, but it is well to be reminded that this recognition has been made in spite of the attempts—and for the time successful attempts—of GENERAL TOWNSHEND to palm off this "enterprise" upon the officials and public at home as the product of his own consummate skill.

Writing of the reception given to the Prince and Princess of Wales at the opening of the Glasgow International Exhibition the Glasgow Herald says: Britons are accused of boasting of the wonderful confidence and affection which have grown up between the Queen and her subjects, due to long years of peace and good government. They are right to boast, for there has been peace, prosperity and order. Much of the national sentiment towards the Queen is now passed on to her son. He typifies and embodies, as the Queen does, those institutions to which men of all shades of opinion can, surely, be loyal in the widest sense. The people of the United Kingdom have had a long acquaintance with the Prince of Wales by this time, and every year he grows more popular. When he was near to death years ago there was a remarkable and to some quite unexpected outburst of national sorrow and sympathy. Yet even at that time one recalls that there was a small and select party in this country, led by a gentleman now in Parliament, whose Republican principles were shocked by the fuss made about the Prince of Wales' illness. That was long ago, and all trace and recollection of such feelings have died out. At present it may be said that the welcome which the citizens of Glasgow prepared for the Prince was no warmer than that which he would receive in Calcutta, in Montreal, in Melbourne, or in New York, always provided that the Princess of Wales—who seems to have found the secret of perpetual youth, or the secret of perpetual happiness, which is better—was with him.

I do not believe that Ayer's Sarsaparilla has an equal as a cure for Scrofulous Humors. It is pleasant to take, gives strength to the body, and produces a more permanent result than any medicine I ever used. —E. Haines, North Lindale, Ohio.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully it will thoroughly eradicate this terrible disease. —W. F. Fowler, M.D., Greenville, Tenn.

For forty years I have suffered with Erysipelas. I have tried various remedies for my complaint, but found no relief until I commenced using Ayer's Sarsaparilla. After taking ten bottles of this medicine I am completely cured. —M. C. Amesbury, Rockport, Me.

I have suffered, for years, from Catarrh, which was so severe that it impaired my appetite and weakened my system. After trying other remedies, without relief, I began to take Ayer's Sarsaparilla, and, in a few months, was cured. —Susan L. Cook, 900 Albany st., Boston, Mass.

Ayer's Sarsaparilla is superior to any blood purifier that I ever tried. I have taken it for Scrofula, Canker, and Salt-Rheum, and received much benefit from it. It is good, also, for a weak stomach. —Millie Jane Peirce, S. Bradford, Mass. ††

CHURCH VS. THEATRE.

To the Editor of The Times:

Sir,—Having attended the concert given in the Methodist Church on Tuesday evening, 5th instant; as I sat and listened to the programme the character of the music and the applandings of the hearers, I was instinctively led to ask myself the question, what is the important distinction between what was heard and witnessed in the church on the occasion referred to and the performances usually given in the theatre of a musical character? The object in either case is to make money. Under theatrical management, if it be deemed desirable, in a money point of view to interlard the programme with selections of sacred music, with the intent to overcome the scruples of tender Christian consciences and draw a crowd, such a course is readily adopted, and so the church influenced by a little motive, gets up a programme, so evenly intermixed with sacred and secular compositions, as to make it difficult to determine whether the predominating influence of the entertainment is on the side of spiritual light or worldly darkness. On the score of consistency the theatre has the advantage of the church. The former is willing to become all things to all men, if thereby money can be made; but the church professes to stand upon higher ground and to be influenced by nobler motives. The theatre is essentially a place for wordly amusement, but the Saviour has declared: "My house shall be called the house of prayer." Dedicated to the service of God, it shall not be made a "house of merchandize." Whither, then, it may be asked, is the church drifting? I refer not particularly to the Methodist Church in this connection but to the churches generally. There seems to be a spirit of emulation amongst them as to which can outdo the other in catering to worldly appetites and amusements, the indulgence in which is promotive only of spiritual death. At one time the Methodist Church had the reputation of being scrupulously particular not to countenance in any way anything that had so much as the appearance of theatrical representations; but she would seem to be fast outgrowing that good old way, and to take delight in entertainments within the precincts of buildings dedicated to the service of God that would have horrified the spiritually-minded fathers in the days of the Wesleys. A few weeks ago the communion rail of the Methodist Church was nightly crowded with penitents seeking for the pardon of sins and the auditorium of the sacred building rang with the melody of redemption songs; but on the night of the concert the strains of the "Red Cross Knight" and the performance the "Bohemian Girl" on a fiddle caused ecstacies of delight in not a few pious souls who, for the time, seemed to have entirely banished God from their thoughts. Oh! what a change. In charity I would here draw the curtain.

Observer.

A REFUTATION.

To the Editor of The Times:

Sir—In yesterday's, the 6th instant, issue of the "Victoria Daily Times," I noticed a letter signed "Basso," and headed a "Musical Topic," which throws certain aspersions on "C" Battery, R.C.A. band and orchestra, in reply to which, I, in defense of the said band and orchestra, would like to make the following statements: Allow me to state that the Battery band has on no occasion since its formation *tendered* for any engagement of *any* description, and the orchestra has never performed unless previously requested to. As to engagements to play at the Victoria Theatre or any engagement of a similar character, I beg to state that such engagements have never been accepted at all, rather, on the other hand the prices paid for such engagements, have been in advance of those tendered by other orchestras. Referring to "Basso's" remarks as to the band playing at Beacon Hill Park it would not be looked upon by the members as by any means a pleasure, or, to quote his letter, any relief from barrack duty. On the other hand it more resembles a task imposed upon them. As late Bandmaster on one of H.M. ships I can assure you that the band when obliged to play for the music-loving public always looked upon it as considerably more of a task than an amusement. The empty honor of playing a few selections for the usual Saturday afternoon gathering at Beacon Hill did not by any means compensate for the long and tiresome journey from Esquimalt; and I am certain that "C" Battery band would look upon it in the same light, especially if "Basso" represents the Victoria public.

I may say that the band will play fortnightly in the park during the summer, and the Commandant has I believe written to the Mayor to that effect, but until the band stand is completed, this cannot be done.

As far as government payment, etc., to members of the band goes, allow me to state that during my experience in the service I have met a great many military bands, which never, unless by order of the commanding officer played for any public amusement without payment. Probably "Basso" is not aware that "C" Battery orchestra has on many occasions played *gratis* for charitable and other performances whenever their services have been asked for, and are perfectly willing to do so again. In addition it is a recognized fact among the members of "C" Battery band that their services are always at the command of any Church of any denomination attended by members of the Battery.

Hoping that in future "*Basso*" will try to be more accurate in his statements.

Antonio Agius,
Bandmaster.

Very few persons have any idea of the magnitude of the investments of English and Scotch capitalists in the United States. They hold railway bonds to the extent of $750,000,000, yielding at the average rate of four and a half per cent, an annual income of $33,750,000. Ordinary railway shares are held to the amount of about $500,000,000. In addition to these there is a large investment of British capital in farm lands and in stock-raising, so that altogether it is estimated that not less than $100,000,000 per annum is due to capitalists in the United Kingdom from various kinds of American enterprises in which they have an interest.

Captain Clark, representative of Canada at the Glasgow International exhibition, has recently published a pamphlet descriptive of his travels in, and impressions of Manitoba, the North West and British Columbia. Of this province he says every thing seems to say capital first, to develop the forest wealth, the mineral wealth, and the fishery wealth of the province. Farming lands are held at high figures, and only farmers of means need go there, yet it must ultimately become one of the wealthiest provinces on account of the value of the natural resources yet to be developed of which only the outskirts have been touched.

Children Cry for Pitcher's Castoria.

NERVOUS FORCE

How to Obtain It.

The loss of a firm character, or the degeneration of a nation's honor, is the inevitable prelude to her destruction.

Behold the once proud fabric of a Roman empire!

An empire carrying her arts and arms into every part of the eastern continent.

Rome lost her national honor and her destruction followed.

Where are her sages, her philosophers, and her generals? Go to their solitary tombs and enquire.

The loss of nerve power is the inevitable prelude to physical degeneracy, paralysis, insanity and death. The first sign of physical weakness and debility usually manifests itself in a loss of nerve power and vitality.

Here is the starting point for more than half the ailments of the human race. In the days of Socrates, it was considered a mark of greatness to possess a robust physical development. In our days, females consider it a pronounced mark of beauty to look pale, white and dwarf-waisted. Many men cultivate the æsthetic by aping the "dude," and changing night into day for the purpose of developing a fashionable physique.

When a man or woman loses nerve power he or she has lost the key to health and happiness, and is on the broad highway to a life of chronic invalidism, mental derangement and the silent cemetery.

That countless thousands are now suffering from enervation is everywhere apparent; it manifests itself in our homes, on the streets, and in the insane asylums.

On every hand men and women with pale faces, weak, faltering steps and wretchedness depicted in every lineament of their countenances may be seen, regarding their way through life in silent misery, because of the loss of the grand, majestic power which controls the empire of physical development. Full, robust health, with all the nerve and brain power necessary to physical and mental development, is the highest type of manhood.

So degenerate have we become as a nation, it is impossible to picture a Venus or Hebe anywhere among our countrymen.

The multifarious causes which have led up to this condition we will not elaborate here; men of to-day care very little for cause. If they can grasp effect and cure at once, they are satisfied; of effects, nearly every one can tell a sad story; of cures, there have been so few in times past, a small space would record them all.

For upwards of many years Drs. Darrin's professional attention has been exclusively devoted to the study and investigation of these important ailments, and it is with pardonable pride that they refer to the success which they have achieved in their treatment and cure. Electro-magnetism, their method of practice, is distinctly original, based upon strictly rational and scientific principles, and followed by the happiest results.

Electro-magnetism, applied to the debilitated system, restores nervous energy and effects permanent cures, when all other remedies have failed. Electro-magnetic force is just as natural and necessary to the nerves as bread is to the stomach, and by the same law it gives new life, power and energy. To get satisfactory results we must apply nature's agent, which advanced civilization and education have declared to embody the greatest curative principles known to the scientific world.

It is one of the happy features of Drs. Darrin's practice, that the application causes neither pain nor distress, and can therefore be readily administered to the most nervous person. They may safely state that patients under their professional care will receive every benefit guaranteed by science, skill and comprehensive experience.

OFFICE HOURS AND PLACE OF BUSINESS.

The Drs. Darrin are located at the International Hotel, Cherry street, Seattle, W. T. Consultation free.

Office hours, from 10 a. m. to 5 p. m., evenings 7 to 8; Sundays 10 to 12. All curable chronic diseases are confidentially and successfully treated. Cures of private diseases guaranteed. Circulars sent free. Most cases can receive home treatment after a visit to the doctors' office.

Mothers!

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35 doses, 35 cents. mr 21 3m.

—Photographic views along the line of the C. P. R. in B. C., and views of Alaska for sale at R. MAYNARD's, Douglas St.

—Stone crossings will be laid on Government street, opposite the post office and on Wharf street opposite J. P. Davies' auction rooms.

—Mr. James Wilson, Superintendent of Telegraphs, who is in Quesnelle, says that the Fraser up there is very high, even higher than it was last year, and that there are prospects of as high water as in 1882.

—Modern building for the least possible money. See Fisher & Wilson, architects.

—Considerable difficulty is being experienced in laying the pipes for the Capilano Vancouver water works across the Narrows. It is expected, however, that in a few days the work will be accomplished successfully.

—**Ross & Ceperley, Real Estate and Insurance. C. P. R. Co.'s lots for sale; correspondence solicited. P. O. Block, Hastings street, Vancouver, B. C.**

—On Thursday Mr. W. H. Mason, of this city, closed the sale of Mr. Jay's property, on Broad street, adjacent to the Driard and the Messrs. Wilson's block. The lot is 25x76 and the price paid was $4000. The purchaser is at present in Ireland. Mr. Mason managed the sale by cable.

—Backache, stitches in the side, inflation and soreness of the bowels, are symptoms of a disordered state of the digestive and assimilative organs, which can be corrected by the use of Ayer's Cathartic Pills.

—Messrs. Tye & Co., of this city and Vancouver, have just imported one of the largest quantities of window glass ever brought into the province. It consists of 26 tons by the ship Camana and is direct from England. They expect to receive about 40 tons additional in a short time.

—Tomb and Headstones, Monuments, in Marble, imported and local Granite, Mantle pieces and Wash Stands in Marble, artistically executed, and at reasonable rates, at George Rodger's Marble Works, Douglas street, Victoria. Call and see specimens of work.

—Mr. John Houston has started a newspaper at Donald called *The Truth*. The initial issue is said to be a very creditable production. It is to be hoped *The Truth* will prevail at Donald for if reports be true there is room there for a publication.

English Window Glass, 16 oz., all sizes; also Stained and Enamelled Glass, at Muirhead and Mann's Sash and Door Factory.

—The government, through Surveyor-General Gore, have notified the New Westminster City Council, that His Honor the Lieut.-Governor has been pleased to set aside a certain portion of the Queen's park for the use of the city.

—A sound body and a contented mind are necessary to perfect happiness. If you wish to possess these, cleanse your blood with Ayer's Sarsaparilla. It is perfectly safe to take, and is a thoroughly reliable, highly concentrated, and powerful blood purifier.

—Property is still advancing in New Westminster. A vacant lot on Front street 65x132, near Mr. Ewen's office, was sold the other day to a local syndicate for $7000. All sorts of wild rumors are in circulation regarding offers and refusals for choice properties. The Royal City is a favorite locality for investment with many at present.

—For the largest and best assortment of FURNITURE, CARPETS, CROCKERY, GLASSWARE, LAMPS, &c., go to J. SHILL, Government Street, where you are sure to get suited in style, quality and lowest prices.

—Another small steamer, the Clara W. Young, has been added to New Westminster fleet in connection with the canneries. The vessel is 61 feet over all, with 12 feet 8 inch beam, 9 foot hold; cylinders 11x12 and about 40 horse power. Her builders were McPhee Bros. Mr. J. C. Buchanan put in the machinery. She is the property of the B. A. P. Co., of which the genial Ben Young is the manager.

A Sad Drowning Case.

The remains of the young man Mark Symons, who was drowned at Vancouver on Wednesday afternoon were brought over by the Yosemite last night. He was 17 years of age and came from Winnipeg a few weeks ago with his father who is now working at his trade in Vancouver. The mother and family are at present on their way from Winnipeg. The body was taken in charge by Mr. Morris Moss and interred in the Hebrew cemetery this afternoon. Young Symons was drowned whilst playing amongst the logs on one of the mill booms at the terminal city.

The Mexico sailed this morning from San Francisco for Victoria with the following passengers for this city on board: Judge Gray, wife and 2 daughters, Mrs Smith, Miss N Broderick, Miss E G Bushby, D McGinty, J Best, W C Hargrave, J McBean, H A Hargrave, H H Cameron, A Randall, Mrs Dr Lightcap, J Williams, Mrs J Dwyer and daughter, Miss D McIntosh, Miss Howard, A Jones, Miss F Preston, Miss Adams, C S Smith and 2 daughters, M Barrett, Mrs L Layzell, T Nast, Miss McLeod, Mrs Weeks, J Richardson, wife and child, J Miller, T G Cushman, Miss Burkell and sister, R Shultz.

Portland's Celebration.

The rowing clubs of Portland, Or., intend to have a grand celebration on the Fourth of July. There are to be several races including contests in four-oared barges, shells, double sculls, and also a professional single scull race. For the latter the prize offered is $750, $500 to the first and $250 to the second man. Henry Peterson, William Paine and H. A. Ball of Victoria have already entered for the single sculls, and there are several other first-class men to be heard from, including Henry Heneeman, the Stockton sculler, John and Billy Cotsford of Victoria, and Austin Stevenson of Vallejo.

Athletes Attention!

Rubber soled laced boots and shoes at Erskine's Boot and Shoe Emporium. Try them. Corner Government and Johnson streets.

Good for Vancouver.

Says the Vancouver *News-Advertiser* of the 1st inst.: Mr. F. Schofield, of Brockville, Ont., arrived here yesterday afternoon in charge of twenty-five carpenters and workmen, who will commence the construction of 14 stores, 14 dwelling houses, and the opera house, within a few days. Mr. Thos. Thompkins, contractor of the same city, will arrive this afternoon and join Mr. Schofield. About 25 bricklayers, stone masons and stone cutters, under contract with the above gentlemen, arrived some time ago, so that when work is rightly started they will have at the outset over 50 men in their employ. They also expect to put on an additional force in a short time.

Try Them.

For comfort and durability try a pair of Johnston & Murphy's Fine Boots. To be had at H. Mansell's, Sole Agent for British Columbia.

Colonial Bishops in London.

The Liverpool *Mercury* of a recent date thus refers to the gathering of Colonial bishops now in England: "Returned empties," as colonial bishops have been somewhat irreverently called, showed up in strong force at the Archbishop of Canterbury's dinner to the prelates at Lambeth Place last night. The ex-Bishop of Nassau, the ex-Bishop of Zululand, together with the Bishops of Auckland, Waiapu, Colombo, Singapore, Algoma, Zuigloy, and Antigua, were amongst the Primate's guests. Most of the English prelates were also present. To-day it has been scarcely possible to take a walk through the Strand or anywhere in the West End without stumbling across a bishop.

Ottawa Cyclone.

A terrific cyclone passed over Ottawa on the 6th inst., creating great damage. It came from the southwest and swept everything in its path. Dwellings were blown down and the streets are filled with *debris*. While the storm, which lasted 15 minutes, was at its height, the lightning struck the Protestant hospital, setting the building on fire. The inmates were removed to the ground floor and the fire brigade got the flames under control after half an hour's work. The loss is $50,000. The destruction in the suburbs was terrible, though the particulars at present to hand are meagre. Three men were killed in Gloucester township. They had taken refuge in a barn which was razed to the ground. The cyclone struck the Catholic church at Billing's Bridge while a devotional service was in progress. One girl was killed and three other children injured. The building was completely demolished. The wires are nearly all down and no further particulars from the outlying districts can be obtained.

OUR TOWN MAJOR.

The Agricultural Society--Dewdney and Davin--Manufactures.

Would it not be in the interest of the rate-payers and property owners of Victoria to start the "moss-backs" portion of the council on a visit to the cities of the east? Maybap they'd come back with their ideas of progress and advancement somewhat expanded, and feel all the better for the renovation—like Alderman Kelly. 'Tis a scheme well worth consideration, and just the thing wanted at this critical period of the city's existence. Let this subject be brought before the special meeting on Monday next. The trip wouldn't amount to much.

Yes, by all means, let the city subscribe $1000 towards the agricultural society. But then it should be expended on prizes for agricultural products alone. Glancing over that triumph of typographical art and advertisements, the pamphlet issued by the Agricultural Association for the "exhibition of 1888," composed, edited and gotten up by the B. C. Bradshaw, the ubiquitous Mr. Perrin—containing, besides the rules and regulations of the society, a treatise of "what I know about farming," or something of that kind, matter as interesting and as useful to the farmers of Columbia as the inscription on the Moabitish stone, also a list of prizes to be awarded, the amount of money award for stock and produce essentially agricultural appears but sorry inducement indeed, especially to farmers of the Mainland. We find long lists of prizes for many classes altogether so to speak, foreign to agriculture. Pet stock, fishing rods, walking sticks, dude's eye glasses, velvet bonnets (who knows that when the time comes as to whether velvet will be fashionable or not) and infants caps! Pet stock, horticultural and many more classes should have several special societies and exhibitions of their own, same as in other provinces. Encourage agriculture, foster and husband it, till this island produces enough and to spare for its own consumption, which it ought and should be made to do. When will the time come that the sign "California butter" will be conspicuous by its absence from the windows of our city groceries?

A move in the right direction should the council succeed in removing those eye sores to not only the appearance, but also to the safety of the city from fire. Don't flinch; go even beyond the fire limits and make a clean sweep. Amend the city charter, clap on a frontage tax, don't forget the Major's advice about the sewers and down with the dust. Then we'll have got a move on; it will be a sign of the TIMES having induced Victoria to awake, Rip-Van-Winkle like, from its sleep of twenty years.

Our ideal acquaintance having left the city we last evening again renewed our conversation with the man of reality. He said: "Now 'Major,' I've travelled a good deal, been in all the principal cities in this broad Dominion and the States. I've walked thro' your streets, observed its well filled warehouses and busy marts; your business streets vieing with each other in display of wares, where can be found anything from a needle to an anchor, or a steam engine to a Hudson's Bay copper camp kettle; there's toys for childhood and robes for the fair, while the display of solids and liquids would do credit to a city with more pretentions than conceited Victoria. There now, don't get mad. Your egotistical anyhow, if not conceited. In excellence of quality, quantity and selection of goods and wares the stores of Victoria from the 4x6 cigar stand to the gigantic retail establishments, stand above competition. You have in your midst the nucleus of the principal manufacturing industries necessary for the formation of large manufacturing prosperity, which with development and some few other additions, would ensure success against eastern competition. All the resources are here provided by nature; don't bury your talents, but utilize them. Labor will be no difficulty. Start your factories on an extended scale; you'll soon have labor enough, and to spare, from the overcrowded manufacturing centers of the east. Start locomotive works, car shops, iron ship building, iron smelting, foundries, anything and everything. Your banks have got the money. All you want is to start the ball rolling. Once started it'll grow that big that you'll be astonished. Become what you should be, the Pittsburgh, the Manchester, the Birmingham and the Liverpool of the Pacific Coast. This is no country for small ideas. Expand you must in spite of fate. At present, practically speaking, you're a city of hotels—good hotels, none better on the continent—simply catering for tourists in the summer and miners and fishermen in the winter. If there's no other ambition in the place it ought to go down. There's a great cry against duty and imports from the States since confederation; that very thing is the salvation of the country if they only knew it. Read the advice Sam Slick gave the Blue-noses. Just the case exactly and don't you forget it. There is a good commercial trade already established and secured. It remains with the enterprise of your merchants to extend, foster and further develop that trade. Take care some other place does not steal a march on over-confident Victoria. I'm a business man myself. I notice wholesale and retail is carried on combined; this is not as it should be. I see Victoria has a Board of Trade. Do they ever do anything to develop and extend the trade of the city? Let them just copy from the Winnipeg Board, which succeeded in bursting one of the most powerful monopolies ever saddled on any country having pretensions to civilization. If Victoria intends holding her own against other competitors, let it go forth to the world that it is no longer the land of Morpheus, capable of raising nothing but a crop of Rip Van Winkles."

With this last shot the "far-seeing man" brought his hands together with a loud report as much as to say, I've hit you at last, bade good night and went off meditatively puffing a cigar, leaving lasting impressions on

THE TOWN MAJOR.

People are actually beginning to talk politics. The appointment of Lieut-Governor Dewdney to the Ministry, we are told, was only supported by three M. P.'s west of Lake Superior—Ross, Perley and Mara. Yet it was the renowned Perley, the great "I am," that pledged when elected to the Lime Kiln Club at Regina to carry the celebrated resolutions condemning Dewdney's share in the rebellion of '85; aye, and presided at a meeting when the rebellion broke out, and put and carried a resolution to hang the present Hon. the Minister of the Interior; yes, and headed the subscription with 25 cents. By the back stairs of the Indian Office at Regina he obtained an Indian contract for 13 cts. a lb. when only worth six cents in the market; "boodle" of thousands in the gift of the Lt.-Governor for roads and bridges in a country where nature says they are not required; an unlimited supply of whisky for the elections and a buzzing in the ear of a place in the Senate thus bought over a mass of pomposity, ignorance, arrogance and venality—a wind bag, a double-somersault-thrower that has no equal in the Commons of Canada. True to his colors, Davin, the great, the sublime, poet, orator and statesman, "The Town Major" is proud of you. True, you landed and misused the power of your gifted pen to shield and protect, praise and commend the viper that has stung you in the most tender part of your nature. 'Tis true, force of circumstances were against you—the Prairie Printing Company and the gift of a permit. Were talent, worth and actual experience of the wants of your fellow exiles any recommendation you should now be occupying the seat in the Privy Council of your sovereign, thus attaining your great ambition, for which you have sacrificed everything that makes life enjoyable. There is a power behind the throne greater than the throne itself, and this is not the first or last politician or churchman that secured place and power thro' the hoops of a crinoline. What about the garden parties, the musical rides and the ode to the fairest flower blooming on the bank of the sweet smelling Pile of Bones. Oh! Nick! Nick! You should have married long ago and raised an invalid nursery, and this humiliation would not have happened. Still you've got the consolation that there's the town pump or the pile of bones dam (if there's any water in it) or better still a permit to drown your sorrows and disappointments in. Recollect always that you've only yourself to blame in the matter. Your "leader" led Canada to believe there was no one like yours truly, E. D. Never mind, he'll only make more bungles than he ever did before. Sir John has in this appointment cut a rod to whip his aged political back with, and the prophesy of the 17th March, '87, may yet be fulfilled in the magic words, "arise Sir Nicholas!"

COURT AMENITIES.

An Episode Which is Said to Have Occurred in the County Court.

In a report of the County Court proceedings in this morning's *Colonist* it is stated that the following took place while the Rev. Mr. Starr was giving his evidence in a certain case: "Chief Justice "to witness, who was leaning in the witness-box, 'Will you lounge on the other "side?' The witness reversed his lounging position to the other side of the "witness-box."

Later on His Lordship is reported to have spoken concerning the same clergyman in the following remarkable manner: "The last witness seemed to have "no more backbone than a sausage skin "filled with water, and that if a witness "had no more regard for his oath than to "conduct himself in that way, it went far "to shake his confidence in the evidence." Rev. Mr. Starr was seen this morning by a TIMES reporter and was asked what he thought of His opinion which the bench entertained for the pulpit.

Rep—Have you seen this morning's *Colonist*?

Mr. Starr—I have.

Rep—And you have read of course the county court report?

Mr. Starr—Yes, I have, but (laughing) I don't care anything about that. The Chief Justice did not make use of these remarks while I was present and I scarcely believe them to be correct as reported, for the reason that I gave no cause for them. Of course I was leaning on one side of the witness box when His Lordship made the remark about lounging, requesting me at the same time to lounge on the other side. I did not make any reply but obeying the ruling of the court leaned on the other side. I will enquire whether his other remarks are reported correctly or not though I can scarcely believe they are as there was nothing to justify them. The whole thing is reported to have a fling at Mr. Gardner and myself.

A Hint.

The favorite "Brussels Kid Glove," in summer shades, reached the "Lansdowne House" this day. John Partridge, Propr.

Benefit Concert.

On Thursday evening 14th inst., at the Victoria Theatre under the distinguished patronage of His Honor Lieut.-Governor and Mrs. Nelson, Madam Christin de la Mothe, the noted contralto will give a benefit concert. Sir William Wiseman, Bart., and other well known amateurs of the city, assisted by her pupils and the members of C Battery band under the leadership of Prof. Agins will take part in the programme on that occasion. For full particulers see programmes and future advertisements.

The Hospital Site.

"Non Kicker" writing in this morning's *Standard* respecting the Jubilee Hospital site says: "If operations should be discontinued the chances would be that not a penny of the $50,000 or $60,000 would be spent this year among our trades people, but would be locked up, doing no good to any person." What "Non Kicker" says is quite true, but at the same time it would probably be better not to have the money spent this year if there are as many objections to the proposed site as the medical gentlemen seem to think there are.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of tubercle germs into the system and when these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

Church Opening.

The Presbyterian church, Centerville, Chilliwhack, will be opened on Sunday the 17th inst. There will be three services on that occasion. The Rev. P. McF. McLeod of this city will officiate. On Monday he will deliver his humorous lecture on "That Young Man." On that evening there will be an entertainment, for which an interesting programme has been prepared. It is expected that a choir from New Westminster will be present. The church and manse will cost about $6000, a considerable portion of which has already been paid off through the exertions of the pastor, the Rev. Mr. Patterson, who has met with encouraging success in his canvassing tour.

Vancouver's First Divorce.

Messrs. Drake, Jackson & Helmcken have begun proceedings in the supreme court for a divorce by Mr. George Green from his wife Mary Green. William Broach is made the co-respondent in the suit. The parties reside on the Mainland, in and about Vancouver.
